March 22, 2021

Dear Cleveland Hill Community;

Dear Cleveland Hill School Community:

As you know, the CDC issued its [Operational Strategy for K-12 Schools through Phased Prevention | CDC](#). Importantly, the New York State Department of Health, along with the New York State Department of Education, remain the operative authorities with respect to how we operate our schools. As soon as we receive updated guidance from one, or both, of them, we will be able to fully assess the impact that the CDC guidance, combined with what the state requires, will have on our current learning model.

I apologize for the fact that we don't yet have all the answers that I know so many of you want. Please know that we will communicate with you as soon as we know more.

Best regards,

Jon MacSwan
Superintendent
