January 14, 2021

Dear Cleveland Hill School Community;

I hope that this message finds you and your loved ones well. I want to give you a brief update regarding our in-district COVID testing.

As you know, we reopened school to in-person instruction using our hybrid model on December 14, 2020. In doing so, we were required to test 20% of our faculty, staff and students in the first month back.

I am pleased to report that we have met the required 20% testing benchmark in each of our individual buildings and subgroups. We administered 274 COVID tests during the month with **one** positive case. This calculates out to a .36% positivity rate (less than half of 1%). We are pleased with these results as they reflect the strong school-community partnership in keeping our schools as safe as they can be.

With next Monday being a holiday, we will be testing on Tuesday and Thursday. Notifications regarding who will be tested next week will come out Friday.

Please remember to conduct the health screening survey prior to coming to work or school. If your child has a fever or any symptoms of illness, please keep them home and call our Health Center. Your ongoing participation and partnership in this regard are vital to our keeping schools open. Thank you again for your support.

Sincerely,

Mr. Jon MacSwan  
Superintendent
