May 7, 2021

Dear Cleveland Hill School Community,

I hope that this message finds you all well. I want to take this opportunity to thank you all for your support during our reopening process. I know that this was a challenging decision for many of you, and we appreciate your trust and support.

All things considered, our returning students PK-8 to full capacity could not have gone much smoother. This is not only a reflection of the great work done by the administration, faculty and staff here, but also of everything that you are doing to support us at home. We greatly appreciate your patience and cooperation as the new pick-up and drop-off procedures were implemented. We will continue to refine these and other processes until they become more efficient routines. Your daily use of the health screening survey has been key in supporting our reopening. Fortunately, over the last two weeks, all students who were kept home with COVID like symptoms were found not to have had the virus and were quickly returned back to school. I remind you to continue this process each morning, and let us know if you have any issues.

It was an energizing and rewarding experience watching our students return. Even with masks on their faces, you could see the smiles. I really never thought that I could enjoy noisy lunchrooms and hallways as much as I have these past two weeks. As some districts have already experienced, we should anticipate some potential bumps in the road moving forward. This could include pausing of athletic teams and/or the quarantining students. We will continue to keep you informed should these situations arise.

I again want to express my sincere appreciation for everything that you are doing to support us. This really is a team effort. If you have any issues, concerns or questions, please do not hesitate to reach out to your building principal or myself. Enjoy your weekend, and Happy Mother's Day!

Sincerely,

Jon T. MacSwan
Superintendent
