Tuesday, April 13, 2021

Cleveland Hill Community,

Over the last two days, we have reviewed the Reopening Guidance that New York State released on Friday, April 9th. This guidance is available for your review on our District website (on the COVID Reopening page).

On Monday and Tuesday, our administrative team convened to gain an understanding of this guidance and the parameters that we have to work within. It will be important to understand that the greatest parameter we need to work with AND within is the transmission rate in our community.

We have drafted a plan that reflects these new guidelines set forth by the State. On Wednesday, we plan on sharing this draft with our staff. They will then share their feedback (and questions) with their building principals. After further review and possible revisions, we will share our plan with you via email on Thursday. This plan will also be posted on our district website.

In addition to the draft plan, the email will include a link which will allow you to pose questions. These questions will serve as the foundation for a presentation we will broadcast, live, on our YouTube Channel at 6:00 pm on Tuesday, April 20th. A link to the broadcast will be sent to you directly, along with it being posted on the district website.

We thank you again for your ongoing trust and support.

Sincerely,

Mr. Jon MacSwan

Superintendent
