January 22, 2021

Dear Cleveland Hill Families,

The district has been monitoring the lunch distribution for those students participating in remote learning. Recently the district added an early evening pick-up on Mondays. Since then, we have seen a significant increase in families accessing that pick-up time. Conversely, we have observed a significant decrease in parents picking up meals from 10:00-12:30.

In an effort to more efficiently meet the need of families, we are adjusting our meal distribution. We will continue to have meals available from 10:00-12:30 on Wednesdays. This will be our only distribution time during the school day. We will be providing two early evening pick-up times. On Mondays and Thursdays, we will have meals available from 4:00-5:30.

Meals will be pantry style. The ingredients for five breakfasts and five lunches will be provided at one time. This reduces the number of trips a family needs to make for meals. We will also have individual meals available for those who prefer them. All meals will be available at the parent drop off loop entrance to the middle school/high school.

Sincerely,

David Evans
Assistant Superintendent of Pupil Personnel
Cleveland Hill Union Free School District
