Dear Cleveland Hill Parent/Guardian,

As you may have heard reported in the news, in an attempt to ramp up testing across New York State, Governor Hochul has made rapid COVID-19 Test Kits available for all students Pre-K through 12. **We will be distributing these test kits this Sunday, January 2, 2022 from 9:00am – 12:00pm.** We will set up the distribution of these tests in the same fashion we distributed meals last year. Individuals picking up these tests for their children should enter the Middle/High School parent drop-off and pick-up loop at the tennis courts and proceed to the entrance near the end of the loop. Someone will be out there to greet you, and provide you with one test for each child in your family.

You are not required to pick up a test for your child, and children are not required to take a test to return to school. The only requirement is that if you administer the test, and your child tests positive, that you keep your child at home, call our nurse to report the test and contact your child's pediatrician if necessary.

If you are not able to receive the test(s) on this date, we will communicate alternative options with you on Monday, January 3, 2022.

We hope that you all had a wonderful holiday season and terrific New Year!

Best regards,

Jon MacSwan  
Superintendent
