

Dear Parents;

Please consider signing your elementary or middle school child up for the 2023 Sherilann's Bicycle Rodeo. This wonderful bicycle safety program was developed a few years ago by Sherilann's family after a tragic bicycle accident took her life. Sherilann was a shining star here at Cleveland Hill, and we are proud to support this safety focused educational effort in her name. This is a wonderful event that brings our community together and provides our kids with some important life safety skills in a fun environment.

Trained bicycle safety instructors will teach your child about the importance of bicycle safety, and how to apply them in real life situations. Additionally, wonderful prizes and raffles are available for participants including new bicycles donated by supporters of this work. A hotdog lunch will be provided for all participants and guests. The event usually wraps up between 1:00-2:00. We hope to see you there!

Thank you,
Jon MacSwan
Superintendent

3rd Annual Sherilann's Bicycle Rodeo

Come join us for this Free Bicycle safety course!!

This is a bicycle safety course for children who attend Cleveland Hill elementary and middle school. The purpose of the Bicycle Rodeo is a hands-on event to teach children bicycle safety.
