March 30, 2020

Dear CHES Family,

We hope this letter finds your family healthy and safe. As we embark on our second full week of Distance Learning, it's become clear that for this to be as successful as possible, it truly is a collaborative effort between teachers, students, administrators, and parents/guardians. We have been so impressed with the efforts of everyone to make the best out of a less than ideal situation.

Our goal is to continue to provide meaningful instructional opportunities for your children in a manner that is appropriate and continues to help them grow and learn. Distance Learning is new for everyone! We are all adjusting to these new routines and trying to find our "balance". We understand that this experience may be overwhelming for you as you try to develop a new normal in your house. We also understand that each of your circumstances are different. Please continue to communicate with your child's teacher so we can assist you in helping your child. We are all in this together.

We recognize that these unprecedented times may be filled with stress and perhaps anxiety for reasons related and unrelated to the extended school dismissal due to COVID-19. The best thing that we can do for our children is to help them establish some type of routine. Children thrive off of routines and it helps them feel safe when things are out of their control. You have to create a daily routine and structure that works best for your family. As a reminder, morning announcements are posted on our website to help with establishing consistency and provide a sense of normalcy for our students. We know that everyone is doing their absolute best during this period of uncertainty, and that's all we can ask.

We look forward to the day we are all back together. In the meantime, be safe Eagles!

Please contact us with any questions or concerns.

Sincerely,

Marcie Pascual
Principal

Jason Jackson
Assistant Principal
